

Selfie Scene

Amy: *(entering)* Milla. *(Takes a selfie of herself smiling)* This is my happy to see you face.

Milla: *(Takes phone)* This is my model pouty face! *(Takes selfie)*

Amy: Nothing is as good as this filter though! *(Takes another photo, shows Milla, both burst out laughing)*
Let's take one together!

Milla: Wait! *(holding out phone)* Look at this. It says taking selfies could lead to head lice.

Milla/Amy: *(look at each other)* Ewwwwwwwwwwww!!!!

Amy: But I don't have head lice. Do you have head lice?

Milla: I don't have head lice... do you have head lice?

Amy: I just told you I didn't!

Milla: But I guess random strangers might. Like what if you met somebody famous, like an Avenger, and he was all "Let's take a Selfie". And you'd have to stop first and say "Do you have lice?" That would be embarrassing.

Amy: I am NOT going to ask an Avenger if he has head lice.

Milla: But would you ask Justin Beiber?

Amy: Of course I would!

Milla: Well you'd need to ask him if he had head lice....

Amy: That would be so embarrassing... *(Thinks)* I'd probably just risk it!
